SUMMARY

UI/UX Designer with over 2 years of experience, dedicated to crafting user-centric digital experiences across web and mobile platforms. Proficient in Figma and frontend development, I excel in improving usability and performance through effective collaboration with product teams. Experienced in leveraging AI design tools to enhance workflows and provide data-driven insights.

EXPERIENCE

UI/UX Designer & Frontend Developer

AAFM India

10/2025 New Delhi

- Created 30+ UI screens across dashboards, onboarding flows, and landing pages
- Structured wireframes, high-fidelity designs, and interactive prototypes in Figma
- Built and maintained design systems (typography, spacing, components) for consistency
- Collaborated with product managers and developers in agile sprint cycles
- Improved design-to-development handoff efficiency with structured documentation
- Ensured responsive and accessible design across devices

Software Engineer | UI/UX & Frontend Developer

Accuster Technologies Pvt. Ltd

11/2023 - 10/2025 New Delhi

- Planned and developed 20 user interfaces for web and mobile platforms
- Built React-based applications (mysehat.ai, sehat.drlabike.in) with modular components
- Improved and maintained PHP-based portals, ensuring performance and uptime
- Established 15 wireframes and prototypes in Figma for rapid validation
- Conducted usability testing, improving task success rates by 20%
- Optimized frontend performance, reducing load time by 30%
- Collaborated with cross-functional teams (QA, Developers) on 10 projects
